VUEJS DEVELOPER

Academic Bridge

WE ARE HIRING!

AN EXPERIENCED VUEJS DEVELOPER

Job Description

Academic Bridge is an EdTech company that was established in 2014. Our core mission is to digitize all processes in the Sub Saharan education system for efficiency and effectiveness using technological tools. Our Information Management System is currently used by hundreds of schools of all sorts, primarily in Rwanda and east African countries. If you want to work in a startup environment with a quick pace, can embrace the challenges that come with solving urgent problems, enjoy working independently and collaboratively, and are eager to push yourself beyond your current set of capabilities, you will be a great fit for our team.

Objectives of this role

- 🎯 Create visually appealing and highly interactive user interfaces
- 🎯 Ensure that end-users have a seamless and engaging experience by translating design concepts into responsive and intuitive web applications.
- 🎯 Collaborate closely with Product Designers, Back-end Engineers, and other team members to bring design concepts to life.
- 🎯 Troubleshoot and solve complex technical issues to maintain the reliability and performance of web applications
- 🎯 Take ownership of specific features, tasks, or even entire projects, seeing them through from conception to completion and successful release.
- 🎯 Write clean and efficient code, adhering to best practices, and ensuring that your solutions are reusable and maintainable.
- 🎯 Ability to build reusable solutions

Academic Bridge

WE ARE HIRING!

AN EXPERIENCED VUEJS DEVELOPER

Technical requirements

- ✕ Vue.js (Vue3 with Composition API, State management)
- ✕ Nuxt 3
- ✕ Profound knowledge of HTML5, CSS3/SCSS and TypeScript
